Microdermabrasion Consent Form

Patient Name: _____

Date: _____

This consent form is designed to verify that you have been satisfactorily informed and educated in respect to your microdermabrasion skin care treatment, as well as its aftercare, so that you may make an educated decision as to whether to have this procedure performed.

- I understand that microdermabrasion is a superficial mechanical abrasion to the skin.
- I understand that the primary purpose of this procedure is to prepare the skin to accept and increase the absorption properties of active-ingredient rejuvenation products and/or chemicals.
- It has been explained to me that because microdermabrasion procedures are a *superficial* abrasion to the skin, the result of a *one-time* treatment similar to a deep cleansing or polishing of the skin. I understand that in order to see *significant* results, these treatments need to be done in a series, and in combination with active ingredient skincare products.
- I acknowledge that after my microdermabrasion procedure, all treated areas may feel warm and appear sunburned. My skin *may* also feel as if it is wind-burned. BY day 2, my skin *may* feel dry and sensitive.
- I understand that using SPF 30 sunscreen over the treated areas following treatment is pertinent.
- Acne clients: it has been explained to me that I may experience a slight acne flare-up, and that my acne condition may temporarily look worse for a few days after microdermabrasion treatment.
- Clients undergoing a series of treatments: I acknowledge that complete compliance to my skincare program will enhance the outcome of my microdermabrasion treatments. This includes the use of SPF 30 sunscreen over the treated areas on a daily basis during my treatment series.
- I understand that there can be no guarantee as to how effective the outcome of my treatment(s) will be. It has been explained to me, and I understand, that these conditions will respond much better when they are part of an overall skincare program.

I certify that I am not using Accutane and have not done so for at least 6 months. I have also been informed by my skincare professional about us of Retin-A or any other topical medications.

I understand that proper sun protection, including, but not limited to, the consistent use of broad spectrum UVA-UVB sun black with SPF 30 is vital to proper aftercare and the reduction of risks of undesired side effects.

Should one or more of the foregoing problems arise, I will call NuVo Aesthetic & Wellness immediately. Early detection and treatment may minimize future complications.

The treatment was explained to me in detail and I request that the procedure be performed on me by a certified esthetician at NuVo Aesthetic & Wellness. I understand that this consent form is good for the duration of my microdermabrasion treatment(s).
